Dr. Pliny E. Goddard
Curator of Ethnology
American Museum of Natural History
New York City

Dear Sir:

Your favour of February 21st at hand. I am glad you wrote calling our attention to the engraved piece we have here belonging to the American Museum of Natural History. This, however, is lead not stone. We should have returned it some time since as we are not now showing the Indian medals. I am enclosing it herewith and beg to thank the Museum for the loan.

You were correct with regard to the Jefferson medal; this was returned two or three years ago.

Very truly yours,

Curator
